

Dear Valued Client,

This letter is to advise you that we are changing our mosquito treatment service. There has been a change in our industry, and as a result, we have to adapt changes to our resources and services needed to provide the best service. Last season, all pest control companies were inundated with complaints about mosquitoes.

In response to this trend, we have done an extensive amount of research and training with our entomologist. We have developed new skills and hired our mosquito specialists.

Safe Pro is committed to offering you the quality service you expect and deserve. We found a new way to minimize mosquito issues by switching up our mosquito treatment process. This will eliminate up to 75% of the mosquito population on your property. Please keep in mind they are flying insects, and it will never be 100% controlled.

Our treatments include:

*Fogging property using the best products on the market.

*Adding larvicide to drains.

*Dumping any standing water and making recommendations to help avoid future mosquito issues.

* Treatment will be done every 3 weeks.

* Warranty will be provided!

*We will come back to retreat if mosquito issue continues every 7-10 days as needed. No additional cost or hidden fee.

New pricing for all clients will be 89 dollars plus tax every 3 weeks for yards up to half an acre. Yards half an acre up to an acre will be 125 dollars plus tax every three weeks. Pricing includes warranty.

One time mosquito treatments will come with a 3 week warranty at a cost of 99 dollars plus tax for yards up to half an acre.

Yards half an acre to an acre will be 135 dollars plus tax. Pricing includes warranty.

New pricing and treatments will take effect 3/1/2021. We look forward to solving your mosquito issues.

Safe Pro greatly appreciates your continued business and support through this time of growth and change. If you have any further questions or concerns, please do not hesitate to reach out. Our team is more than happy to discuss this situation with you.

Sincerely,
Alex Cantaboni
Safe Pro Pest Owner
